HRM-5 FEATURES

ACCURATE HIGH-RES SOUND

40 mm driver unit with lightweight copper-clad aluminium wire (CCAW)

ENHANCED BASS RESPONSE

Bass reflex chamber and rare-earth magnets for a rich bass

COMFORTABLE OVER LONG STUDIO SESSIONS

Memory foam ear pads, pivoting housings and adjustable headband are comfortable and ensure excellent sound insulation and low distortion

VERSATILE AND PORTABLE

Compact design, carry case and choice of cables

HRM-6 FEATURES

ACCURATE HIGH-RES SOUND

40 mm HD driver unit with lightweight copper-clad aluminium wire (CCAW). Max input of 2000 mW reduces distortion even at high volumes.

ENHANCED BASS RESPONSE

Bass reflex chamber, two-layer damping structure and rare-earth magnets for a rich, clean bass

COMFORTABLE OVER LONG STUDIO SESSIONS

Flat memory foam ear pads, pivoting housings and adjustable headband ensure excellent sound insulation

VERSATILE AND PORTABLE

Compact design, carry case and choice of cables
