PRODUCT FEATURES

1 BLUETOOTH® WIRELESS TECHNOLOGY

Play music wirelessly from your smartphone, tablet or other Bluetooth device.

2 CLASS AB AMP

Enjoy perfect clarity and low distortion.

3 HIGH-QUALITY AUDIO SUPPORT

Qualcomm® aptX™ and AAC support lets you enjoy high quality sound reproduction.

4 CURVED FRONT EDGES

The cabinet's curved front increases its rigidity and reduces external diffraction – as well as looking good.

5 3D STEREO SOUND

Soft dome tweeters with convex diffusers use DECO technology from TAD Labs. The diffusers channel high frequencies left, right and up for a wide sweet spot and 3D stereo sound.

6 FRONT-LOADED BASS REFLEX SYSTEM WITH GROOVES

4-inch fibreglass woofers output bass from the front, and the bass ducts feature grooves to reduce air friction so you'll feel a tight, punchy bass.
