 - Always the perfect recording position: portrait and landscape format thanks to smartphone holder with ball head and flexible swan neck LED Ring Light:
 - 8" ring light (outer diameter 21 cm) with 96 LEDs with cable remote control
 - Sparkling charming eye effect: LED ring light magically creates a light in the eyes through reflections
 - Full charge: power supply via the USB-A cable (cable length 190 cm) for connection to a power pack so that the juice never runs out even while on the go
 - With cold shoe for attaching LED lights, microphones and action cams, for example
 - For many smartphones: extremely flexible for smartphone widths from 6.0 to 8.0 cm (in horizontal format) thanks to clamping spring holder
 - Smartphone protection: rubber inserts on the holder protect the smartphone casing from scratches
- Desktop Tripod:
- Height-adjustable desktop tripod from 13.50 cm to 17.50 cm

"Smooth" Monostand, 155 Click, with Three-Arm Base

Thread/Connection	1/4" (6.4 mm)
Leg Segments	4 Sections (3x Extendible)
Material	Aluminium
Maximum Load	5000 g
Tripod Head	No
Min. Height - Max. Height	63,5 -155 cm
Maximum Profile Thickness	28 mm
Weight	900 g

- Air lock system: stepless adjustment without screw clamps - for more speed when hunting for the perfect shot
- A cleverly attached joint at the end of the tripod ensures gentle and smooth movements and pivoting, with the joint allowing tilts of up to 20° in all directions
- Flexible alternative to large tripods: ideal when things have to happen fast, if there's not much space for a large tripod, for example, for photographing with large lenses, for animal shots with large focal lengths
- Also for fascinating 360° panoramic shots and vivid indoor and property photographs
- The monopod's three leg segments are extendable, and each of them is individually steplessly adjustable, making them perfect for custom positioning even up to eye level height
- Made from sturdy and lightweight aluminium, weighing 900 grams

Connection Adapter Cable for Nikon "DCCSystem" NI-3

Remote Trigger port	Nikon MC-DC2
Shade of colour	Black

- Screwable connection for a secure hold between the cable and remote shutter release
- Equivalent to the original camera connection: MC-DC2

00005208		
6	BK	

hama

Connection Adapter Cable for Olympus "DCCSystem" OLY-1

Remote Trigger port	Olympus RM-UC1
Shade of colour	Black

- Screwable connection for a secure hold between the cable and remote shutter release
- Equivalent to the original camera connection: RM-UC 1

00005210		
6	BK	

hama

Connection Adapter Cable for Sony "DCCSystem" SO-1

Remote Trigger port	Sony RM-S1AM, Sony RS-1000
Shade of colour	Black

- Screwable connection for a secure hold between the cable and remote shutter release
- Equivalent to the original camera connection: RS-1000/ RM-S1AM

00005209		
6	BK	

hama

Connection Adapter Cable for Sony "DCCSystem" SO-2

Remote Trigger port	Sony RM-VPR1
Shade of colour	Black

- Screwable connection for a secure hold between the cable and remote shutter release
- Identical in construction to the original camera connection: RM-VPR1

00005212		
6	BK	

hama

Connection Adapter Cable for Pentax "DCCSystem" PE-1

Remote Trigger port	Pentax CS-310
Shade of colour	Black

- Screwable connection for a secure hold between the cable and remote shutter release
- Equivalent to the original camera connection: CS-310

00005213		
6	BK	

Remote Control Releases

Wired Shutter Release

hama

"Ni3-1.1" Remote Control Release

Cable Length	110 cm
--------------	--------

- Two-stage release (auto focus, shutter release)
- Lockable, for shake-free long-term exposures (bulb)
- Suitable for: Nikon D7000/D5000/D3100/D90/D5100
- Equivalent to the original remote control release: MC-DC2

Black	00005284
6 BK	

Infrared Shutter Release

hama

IR "Mini 2" remote-control release, infra-red, universal

- For Canon, Nikon, Olympus and Pentax DSLR and compact cameras with built-in IR receiver
- Similar functions to original remote-control release: Canon RC1/RC-5/RC-6/Nikon ML-L3 / Olympus RM-2 / Pentax E/F
- Range depends on the camera model used
- With eyelet for convenient attachment to the camera equipment

Black	00005353
10 BK	

Release

hama

"Professional" Wire Release, 40 cm

Length	40 cm
Shade of colour	Black

- Bulb function for shake-free long-term exposures
- Easy to place in position by means of the lock, ideal for time exposures (bulb)
- Ergonomically shaped handle allows easy release

	00005312

hama

Lens filter "Gray Filter Vario DC ND- 2400, DC Double Coated"

Coating	Coated
Metal Mount	Black
Mount Thickness	7 mm
Type	Grey Filter
Type of Glass	High-Grade Lens Glass

- Possibility to lengthen the exposure time between +1 and +8 (ND2-400) aperture stops
- Rotary mount for individual adjustment
- Coating: one layer on each side
- Quality standard (glass): high-quality lens glass

Impact on the pictures:

- Allows large apertures e.g. when shooting portraits when it is extremely bright: due to a blurred background the photographed person is clearly visible in the foreground
- Due to long exposure times flowing water gets "soft"

CAMERA ACCESSORIES

Straps and hand straps

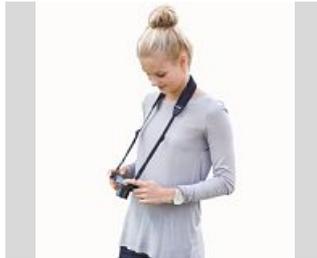

hama

"Air Comfort 125" Camera Carrying Strap, neoprene, black

Material	Neoprene
Maximum Length	125 cm

- The 18 air cushions (patented air cell technology) provide superior carrying comfort as they take on a form perfectly matched to the wearer's nape
- Super elastic neoprene material
- Especially durable
- Suitable for heavy cameras
- Loop clasp system
- Adjustable length: 70 - 125 cm

Black										00027209
		6	BK							

hama

"Loop 130" Camera Carrying Strap, neoprene, black

Material	Neoprene
Maximum Length	130 cm

- The strap ends can easily and quickly be removed on the quick-release fastener
- Superior carrying comfort due to the elastic strap
- Especially durable thanks to super-elastic neoprene
- Adjustable length: 70 - 130 cm

Black										00027210
		6	BK							

hama

"RC Strap" Carrying Strap for Photo Cameras

Material	Neoprene
Maximum Length	160 cm

- A mounting plate adapts the tripod mount so that the tripod can still be used without having to unscrew the plate
- The strap does not get tangled thanks to the double guide bar on the slider
- Super elastic neoprene acts as a shock absorber
- The slider allows the camera to glide from the carrying to the capture position in a flash, without moving the strap
- Breathable shoulder rest for excellent air circulation and comfortable carrying even for hours at a time
- Soft shoulder padding adapts perfectly to the shoulder anatomy and ensures excellent carrying comfort
- Additional securing of the shoulder strap with the fixing strap below the armpit
- The quick ball fastener allows the camera to be disconnected from the strap very quickly
- The 360° rotary connection allows the camera to be rotated without releasing it from the strap
- Fastening plate is mounted on the camera's tripod thread
- Fastening plate with cork for secure fixing of the camera
- High-quality, wide safety strap
- The strap length can be steplessly adjusted
- Length adjustable from 60 to 160 cm

Black										00027211
		6	BK							

Hand Strap

hama

"Pro II" Hand Strap

Material	Faux Leather, Plastic Material
----------	--------------------------------

- The 9 air cushions (patented air cell technology) in the hand strap provide superior carrying comfort as they take on a form perfectly matched to the wearer's hand
- A mounting plate adapts the tripod mount so that the tripod can still be used without having to unscrew the plate
- Universally usable for cameras with a B1/4" (6.4 mm) tripod mount and strap attachment

Black										00027501
		6	BK							

hama

Version	High Speed with Ethernet
Max. Resolution	4k (4096 x 2160)

- 3in1 connection for connecting every camera to a TV and a PC/notebook to a TV
- Gold-plated plug with low contact resistance for secure signal transmission
- Integrated channel for transmitting network data with up to 100 Mbit/s
- 3D transmission due to extended bandwidth
- Fully shielded audio and video lines for optimum reduction of electromagnetic interference
- Return of the audio signal without additional audio cable (ODT, RCA etc.)
- HDMI™ cable for perfect, high-resolution ultra HD cinema quality 4096x2160 (4k) pixels
- Image resolution: 3840 x 2160 - 24 Hz/25 Hz/30 Hz/50 Hz/60Hz, 4096 x 2160 - 24 Hz
- Colour space: 30/36/48 bit
- Transmission of the following audio data: 8PCM, Dolby Digital, DTS, MPEG, DVD-Audio, SACD, Dolby Digital Plus, True HD, dts-HD
- Transmission of the type of player via ACE (Automatic Content Enhancement)
- HDMI™ CEC support (Consumer Electronics Control)
- High speed transmission of up to 18 Gbit/s for all image and sound standards from a bandwidth of 600 MHz

HDMI™-Cable "High Speed Type A/C (Mini)", Black

Quality	Standard
Data Transfer Rate	10.2 Gbit/s
Version	High Speed
Max. Resolution	1080 p

- HDMI™ cable for perfect high-resolution full HD quality, 1920 x 1080 pixels
- Fully shielded audio and video lines for optimum reduction of electromagnetic interference
- 3D transmission due to extended bandwidth
- Return of the audio signal without additional audio cable (ODT, RCA etc.)
- High speed transmission of up to 10.2 Gbit/s for all image and sound standards with a bandwidth of 340 MHz and more
- Supports automatic video/audio synchronisation of HDMI™ devices
- Colour resolution: RGB/YUV/Deep Colour/XUYCC
- Transmission of lossless audio data: uncompressed (Dolby Digital and DTS), compressed (DolbyTrueHD and DTS-HD)
- Extended colour space

Cables & Adapters

USB Cable

hama

**USB Cable
"2.0 Type A/Mini B
(B5 Pin)", Black**

Connection	USB Mini B Plug, USB-A Plug
USB Standard	USB 2.0

- High-speed data transfer of up to 480 Mbps
- Gold-plated plugs with low contact resistance for secure signal transmission
- Light and space-saving due to the ultra thin, flexible cable and the extra small plugs
- Slim design especially suited for portable devices like smartphones, tablets and cameras
- The inner conductor is made of copper which ensures best transmission properties
- USB 2.0 (downward compatible)
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Twisted data lines (twisted pairs)
- Ideal for data transfer and synchronization

0.75 m	00074248
12 BK	

hama

**USB Cable
"2.0 Type A/Mini B
(B8 Pin)", Black**

Connection	USB Mini B Plug, USB-A Plug
USB Standard	USB 2.0

- High-speed data transfer of up to 480 Mbps
- Gold-plated plugs with low contact resistance for secure signal transmission
- Light and space-saving due to the ultra thin, flexible cable and the extra small plugs
- Slim design especially suited for portable devices like smartphones, tablets and cameras
- The inner conductor is made of copper which ensures best transmission properties
- USB 2.0 (downward compatible)
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Twisted data lines (twisted pairs)

12 BK	

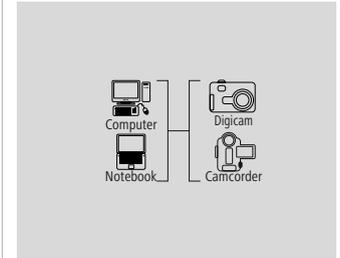

hama

**USB Cable „Micro USB 2.0
Cable, Gold-Plated, Twist-
Proof“, Black**

Connection	Micro-USB-Plug, USB Micro B Plug, USB-A Plug
USB Standard	USB 2.0

- High-speed data transfer of up to 480 Mbps
- Gold-plated plug with low contact resistance for secure signal transmission
- The inner conductor is made of copper which ensures best transmission properties
- Light and space-saving due to the ultra thin, flexible cable and the extra small plugs
- Slim design especially suited for portable devices like smartphones, tablets and cameras
- No bothersome trying out: the plug can be inserted without having to be turned
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Twisted data lines (twisted pairs)
- Ideal for charging, data transfer and synchronization
- Also called "reversible micro USB"

0.75 m	00074251
12 BK	

hama

**USB Cable
"2.0 Type A/Micro B", Black**

Connection	Micro-USB-Plug, USB Micro B Plug, USB-A Plug
USB Standard	USB 2.0

- Additional shielding for good reduction of electromagnetic interference
- The inner conductor is made of copper which ensures best transmission properties
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Suitable and tested for USB 2.0, downward compatible with USB 1.1
- Twisted data lines (twisted pairs)
- Ideal for charging, data transfer and synchronization

1.8 m	00074245

hama

Mini USB Connection Kit

Quality	1 Star
USB Standard	USB 1.1
Length	0.5 m
Max. Data Transfer Rate	480 MBit/s
Shade of colour	Black

- Additional shielding for good reduction of electromagnetic interference
- The inner conductor is made of copper which ensures best transmission properties
- 2-part kit comprising:
 - Connection cable, USB A-plug - USB B-plug:
 - Basic cable corresponds to USB connection cable
 - Suitable and tested for USB 2.0, backward compatible with USB 1.1
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Nickel-plated plug housing
- Twisted data lines (twisted pairs)
- Star-shaped 5-way mini USB adapter (B4, B5, B6, B8, M4)

Microphone

hama

"RMZ-18" Directional Microphone, zoom

Connection	3.5 mm Jack Plug
Directivity	Cardioid/Supercardioid (switchable)
Model	Mono

- The rubber-cushioned, vibration-damping anti-shock frame absorbs mechanical vibration and background noise
- Lo/Hi (+10dB) sensitivity adjustment to the ambient noise level (gain)
- Optional high-pass filter deadens disturbing ambient noise like wind or traffic

Black	00046118
20 BK	

hama

"RMZ-14" Directional Microphone, stereo

Connection	3.5 mm Jack Plug
Directivity	Cardioid/Supercardioid (switchable)
Model	Stereo
Cable Length	0.700 m

- Directivity switchable between cardioid and supercardioid
- Attaches to the flash shoe or via a 1/4" (6.4 mm) tripod socket
- Permanently attached push-on foot
- With a windshield to ensure clear outside recording

Black	00046114
12 BK	

hama

"RMN Uni" Directional Microphone

Connection	3.5 mm Jack Plug
Directivity	Uni-directional
Model	Mono
Cable Length	0.32 m

- From smartphones to camcorders - for bloggers or film-makers: the microphone is ideal for all devices
- The vibration-attenuating anti-shock frame absorbs mechanical vibration and noise

Black	00004647
10 BK	

hama

"Smart" Lavalier Microphone

Connection	3.5 mm Jack Plug
Directivity	omni-directional
Model	Mono
Cable Length	6 m

- From smartphones to camcorders - for bloggers or film-makers: the microphone is ideal for all devices

"DP 434" Lithium Ion Battery for Fuji NP-W126

Model	Device Specific
Capacity	1000 mAh
Voltage	7.2 V
Shade of colour	Black

- Use of UL/IEC certified brand-name cells: for increased safety
- Safety electronics: for monitoring the charging and discharging cycle
- Gold-plated contacts: for lower contact losses and corrosion prevention
- Self-resetting thermal fuse (polyswitch/PTC): additional protection against short circuit and overload

"Delta Multi" Universal Charger for Lithium Ion Batteries and AA/AAA Cells

Shade of colour Black

- LED function indicator gives information about the charge state
- Mains supply of 100V-240V suitable for worldwide use in conjunction with a country-specific adapter
- USB connection for charging additional devices
- For all digital cameras and camcorders
- Easy to use
- The contacts are variably adjusted for different batteries on the charger's bottom side, therefore no need to touch the contacts on the upper side
- Automatically recognises the voltage and polarity of Lithium ion batteries
- Automatic charging procedure
- Automatic charging cut-off for protecting the batteries
- Comes with a 12V charging cable for use in vehicles

ACCESSORIES FOR FLASHES

Flash accessories

Flash/Lighting Rail

hama

Flash Bracket, 90°, foldable, black

Material	Metal, Plastic Material
W x H x L	3.4 x 14 x 19 cm

- For all flash units, lights, syncromats and tilt heads with a standard accessory shoe
- For all photo/video cameras with a tripod socket
- Sliding A 1/4" (6.4 mm) camera screw and B 1/4" (6.4 mm) tripod socket
- Hand grip for ease of use
- With a hand strap for a secure hold
- Plastic surface
- Being foldable and compact, the bracket is ultra portable
- Larger illumination angle as the flash unit is attached next to the camera
- Prevents the effect of "red eye" as the flash comes from another angle and not directly from near the lens as this would be the case without a flash bracket
- Easy to use: the camera and flash unit are compactly attached to the flash bracket that ensures optimal weight shift for portrait shots

1/4" (6.4 mm)	00006831
6 BK	

hama

"V" Flash Rail

Material	Metal, Plastic Material
W x H x L	16.4 x 3.5 x 20 cm

- For devices such as flash units, lights, microphones, spirit levels, etc. with standard flash foot
- Suitable for photo / video cameras with flash shoe
- Also suitable for smartphones and all devices with a 1/4" thread
- Multiple options to attach accessories and arrange the shot
- Easy handling: accessories are attached compactly to the camera's flash shoe

1/4" (6.4 mm)	00006810
60 BK	

hama

Flash Rail, 30 x 177 mm, black/grey

Material	Plastic Material
W x H x L	3 x 2.3 x 17.7 cm

- For all flash devices, lights, Syncromats and tilt heads with standard attachment base
- Suitable for photo / video cameras with tripod thread
- With a standard flash shoe and mobile camera screw A 1/4" (6.4 mm), tripod thread B 1/4" (6.4 mm)
- Plastic runner
- Wider lighting angle, because the flash device is attached next to the camera
- Prevents the "red-eye effect" because the flash is coming from a different angle, and not, as is the case without the flash rail, directly from the proximity of the lens
- Easy handling: the camera and flash device are compactly attached to the flash rail, and the flash rail ensures the ideal distribution of weight for portrait shots

1/4" (6.4 mm)	00006815
6 BK

Cleaning Kit

hama

"Optic Dry" Photo Cleaning Set, 3-part

• Set comprising:

Dust Ex Brush:

- With brush, for removing heavy soiling and coarser particles
- Air blower removes dust, crumbs and other small particles without touching the surface
- Valve system for optimised blowing action
- Brush can be attached to the side when not in use
- Environment-friendly
- Talc-free

Cleaning Cloth:

- Removes dirt and dust from all optical surfaces
- Especially high-quality microfibre cloth for lint-free cleaning
- Excellent cleaning effect thanks to high-quality fibre structure
- Microfibre cleaning cloth (80% polyester, 20% polyamide)

Lenspen:

- Highly efficient and gentle cleaning of all optical surfaces, especially for lenses and filters
- Ready for use immediately, since the screw lock ensures automatic activation of the velvet surface and means that no special activation of the fibres is required
- Especially long-lasting, since no liquid can dry out or leak with dry cleaning
- Original Lenspen
- Removes dust, specks of grease and other dirt

General Terms and Conditions

1. General Information

We shall carry out deliveries exclusively in accordance with the following conditions. The purchasing party shall recognise these conditions of purchase as binding for all future transactions. Any agreement deviating from these terms requires our express written confirmation. No purchase conditions of the purchasing party that differ from the conditions stated here shall be considered valid unless they have been expressly accepted in writing by Hama. Our general terms and conditions shall be considered accepted upon receipt of the goods, at the latest.

We shall store and process customer information electronically, in so far as this is required for the proper conclusion of the given business transaction, in accordance with all relevant data protection regulations.

2. Quotation, Order and Minimum Order Value

Issuing a quotation does not obligate Hama to accept the order. Changes shall be made in writing. Technical details and illustrations of articles for sale in advertising brochures and other advertising information are not binding features, but instead descriptions or labelling of our products. Factory tolerances as considered usual within the trade shall be considered binding in all cases in so far as no special limits for acceptable deviation have been agreed upon.

Where samples have been provided, Hama shall make every effort to deliver to the quality and specifications of the relevant sample. Slight deviations shall not constitute grounds for a claim on the part of the ordering party.

a) Domestic orders

We shall apply a surcharge in the amount of € 4.00 for orders below the minimum net order value of € 50.00.

b) International orders

The minimum value for foreign orders shall be defined in a separate agreement.

3. Prices

All prices are ex works or warehouse and subject to legally stipulated value added tax at point of transaction. Postage and packaging costs are itemised separately on our invoices, as is transport insurance.

4. Delivery and Period of Delivery

Unless the period of delivery has been agreed upon in written form for a specific case, delivery dates are to be understood as approximate dates to which we shall adhere whenever possible. Should the period of delivery be exceeded, the purchasing party may set an appropriate extension of said period, after the end of which they may withdraw from the contract through written declaration of their intent to do so.

The period of delivery shall be considered adhered to if the object of delivery has left the factory or notification of readiness to ship has been sent before the end of said period.

The period of delivery shall be extended in the event of industrial disputes, particularly strikes and lockouts, as well as unpredicted obstructions beyond our control such as disruption of production, delay in the delivery of essential materials and other such disruptions that demonstrably bear on the delivery of the goods to be delivered. The same applies should such eventualities affect subcontractors. The period of delivery is extended according to the duration of such eventualities and obstructions. Should delivery become impossible or unreasonable, we are released from the responsibility of making delivery.

We are also not responsible for the aforementioned circumstances if they occur during an already existing delay. In important cases, the onset and conclusion of such obstructions shall be communicated by Hama to the ordering party at the earliest possible occasion.

The purchasing party shall have no right to compensation for delayed delivery, unless deliberate or gross negligence on our part can be demonstrated.

We are entitled to undertake partial deliveries in acceptable and reasonable quantities. Disputes over partial delivery do not entitle the purchasing party to refuse further partial deliveries.

5. Shipping and Transfer of Risk

All deliveries take place at the expense of the purchasing party.

The choice of route and means of transport are determined by Hama to ensure the swiftest transportation and punctual arrival to the best of its knowledge but without liability on the part of Hama.

Risk shall be transferred to the purchasing party when the object of delivery is received by the forwarding agent, carrier or other transporting agent – including those that are employed by us – and in any case no later than when the object leaves the factory or warehouse. This also applies to FOB and CIF transactions.

Goods for which notice has been given that they are ready for dispatch on the agreed upon date must be retrieved immediately. Hama is otherwise at liberty to store goods at the cost and risk of the customer as it considers fit, and to charge such goods as ex works or warehouse. The same applies if delivery cannot occur as a result of failure or suspension of transport, or of other conditions for which we cannot be held responsible. Should the ordering party delay acceptance of delivery for more than fourteen days after receiving notification of availability either intentionally or through gross negligence, Hama shall be, after an extension of a further fourteen days, entitled to withdraw from the contract or to demand compensation for breach of contract.

6. Terms of Payment

a) Creditworthiness

In the case of delayed payment and justified concerns as to the solvency and creditworthiness of a purchasing party, Hama is within its rights to demand securities or advance payment for pending deliveries and to make all claims of the financial transaction immediately payable without affecting our other rights.

b) Terms of Payment, Domestic

Payment shall be made in cash or by transfer of funds at a discount of 2 per cent of the invoice amount if made within ten days, or without any discount on the fixed price if made within thirty days. Payment shall be made irrespective of receipt of goods. In the absence of other agreements, advance payment shall be required. Payment by the ordering party shall be considered in default if such payment has not been made within the payment period starting upon receipt of the invoice. Set-off and retention rights shall only be granted to the ordering party if counterclaims are legally recognised, beyond dispute or recognised by Hama.

We only accept rediscountable bills of exchange from the Bundesbank by special arrangement and on account of payment. Bills of exchange or cheques shall, subject to receipt, be credited with the value date of the day on which Hama shall finally have access to the proceeds. All costs incurred thereby are the responsibility of the purchasing party.

If the payment deadline is exceeded, article 288 of the German Civil Code shall apply.

c) Terms of Payment, International

Only written terms of payment are valid for export trade. In the absence of such agreements, advance payment shall be required.

7. Retention of Title

Hama itself shall retain title of delivered goods until such time as the customer has made all payments resulting from the transaction, including those covering interest and costs, and any necessary balancing of a current account and any cheques or bills given in payment have been fully honoured. As long as payment resulting from the transaction remains due, the following shall apply:

The purchasing party is within its rights to sell, process or use goods subject to this retention of title within the normal course of business. Should the purchasing party be placed in default due to outstanding payments, all factory-condition goods in the hands of the purchasing party and/or goods still to be received shall be put at our disposal.

Should any goods to which Hama maintains title be sold, all claims to reimbursement shall be transferred to Hama without any particular act of transfer being required when demand is made.

The purchasing party may collect such claims as have been transferred to Hama, but must immediately redirect collected funds to Hama. The same also applies to all claims arising from any other service provided by Hama.

The purchasing party is not entitled to pledge goods or ceded claims or to use such goods or claims as securities. Hama must be immediately notified of seizures by third parties. The purchasing party is obligated to insure goods against fire damage and theft and to furnish proof of insurance upon request. The retention of title extends to cover new items produced by processing. If property of the purchasing party is mixed or combined with items owned by Hama, Hama acquires partial ownership under articles 947/948 of the German Civil Code. On the request of the purchasing party, Hama shall release its securities in so far as the value of our securities exceeds more than 20 % of the claim on a non-temporary basis. The choice of securities to be released lies with Hama.

8. Claims for Defects and Warranty

a) Claims for Defects

Hama warrants that its goods shall be free of material defects and defects of title at the time of transfer of risk. The warranty period begins with receipt of the goods by the customer and lasts two years.

Received goods shall be checked on receipt as to proper quality. The purchasing party shall notify Hama of any detectable defects in writing within fourteen days of receipt of goods. Hidden defects shall be reported in writing as soon as they are detected, at the latest within two years after receipt of goods. In the event of justified complaints made within the appropriate period, Hama shall rectify the defects, exchange the goods, or issue a credit note at its discretion.

b) Warranty

Hama warrants some of its products as indicated on the relevant product warranty card. Defects of material or fabrication shall be rectified within the warranty period by repair or replacement at Hama's discretion.

The warranty does not cover claims for damages of any kind, particularly not for replacement due to consequential damage. If the device in question is still under warranty, it shall be sent to Hama along with details of the defect and the dealer's receipt as proof of warranty.

c) Voiding of Claims for Defects and Warranties

In the case of defects caused by force or improper use, as well as in the case of repairs or actions by the purchasing party or third parties without our express written consent, the right to claim for defects and the warranty become null and void.

In the case of articles subject to wear and tear, no damage resulting from use over and above appropriate norms shall constitute a defect.

d) Reimbursement of Expenses

Reimbursement of expenses pursuant to article 439 II of the German Civil Code shall be agreed with Hama on an individual basis. This only applies to purchasing parties who themselves sell the goods they receive to private individuals. Any further liability for other reimbursement of expenses is excluded by Hama. The purchasing party has no other rights.

e) Postage and Shipping Costs

The sender is responsible for initially paying the postage and shipping costs for any shipments sent to Hama relating to claims for defects, warranties, product liability claims and similar matters. These costs will be reimbursed once the validity of the claim is acknowledged.

9. Disclaimer

Regardless of the legal basis of such claims, our liability for damages is limited to intentional acts and gross negligence, including intentional acts and gross negligence on the part of our representatives and agents. In so far as no intentional breach of duty exists, liability is limited to foreseeable damage that typically occurs. In the case of breach of an essential cardinal duty, we assume liability irrespective of the degree of fault. However, our liability is limited here to foreseeable damage that typically occurs.

Liability due to non-accidental injury to life, limb or health is not affected. Liability is also not affected in so far as it is mandated by the German Product Liability Act, in the case of wilful deception or if a warranty is provided.

10. Returns

If it is necessary to clear merchandise, the scope and execution is generally to be clarified with us or with our field service. The following products are excluded from merchandise clearing: products from the technical price-list and weekly price-list (WPL), picture frames, opened display items, items with minimum order quantities and products that have been discontinued from our line. We also reserve the right to exclude from merchandise clearing individual product ranges that might be damaged during transport, that were delivered as part of a sales campaign or that could result in increased costs/procedures for returns and disposal.

Goods must be returned in the original packaging and with all shipping costs paid by the sender. The invoice belonging to the original delivery must accompany the shipment. Credit notes from the return of goods may only be charged against new orders of goods. Credit notes are subject to relevant deductions. Handling costs are set at fifteen per cent of the credited value of goods.

11. Applicable Law

The material law of the Federal Republic of Germany shall apply. International law on the purchase of moveable goods shall not apply, even if the purchasing party has headquarters abroad.

12. Place of Performance and Jurisdiction

The place of performance for both parties is Monheim, Bavaria, Germany. In the event of any disputes arising from contractual conditions, all lawsuits are to be filed at the court whose jurisdiction covers our headquarters if the ordering party is a merchant under commercial law, a legal entity under public law or a special fund under public law. We also reserve the right to file lawsuits at the location of the headquarters of the purchasing party.
