MOBILE PHONE CASES

Cover

**hama**

**Cover**  
"Always Clear for Apple",  
Transparent

Material	Thermoplastic Polyurethane (TPU)
----------	----------------------------------

- Transparent mobile phone case without yellowing: many years of enjoyment from your case as the special material composition prevents yellow discoloration
- A clean sweep: The mobile phone cover also covers the side buttons - this protects against dust and enables a perfect pressure point
- Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket

### Cover "Fantastic Feel for Apple", Black

Material	Thermoplastic Polyurethane (TPU)
----------	----------------------------------

- A sophisticated hand flatterer: the surface of the protective cover in silky rubber-oil finish looks and feels good
- Non-sticky: special rubber oil surface prevents crumbs from sticking to the phone cover and allows the phone to be removed from trouser pockets, jacket pockets and handbags in one go
- A clean sweep: The mobile phone cover also covers the side buttons - this protects against dust and enables a perfect pressure point
- Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket
- Scratch-resistant back cover: rubber-oil finish exterior is resistant to keys, pens and coins in trouser, hand and jacket pockets
- Simply lay it down carefree: the raised edges of the phone case provide protection for the protruding camera lenses without compromising the quality of the photos

Cover "Slim Protect for Apple", Transparent

Material	Polycarbonate (PC)
----------	--------------------

- Minimalist mobile phone protection: the mobile phone protective cover is so thin and light that it is hardly noticeable - it blends seamlessly into the mobile phone design and preserves the original look without weighing it down or adding bulk
- Transparent mobile phone cover without rapid yellowing: enjoy your cover for a long time because it delays the yellowish discolouration
- A clean sweep: the mobile phone cover also covers the side buttons - this protects against dust and the metal buttons allow a perfect pressure point
- Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket
- Simply lay it down carefree: the raised edges of the phone case provide protection for the protruding camera lenses without compromising the quality of the photos
- Additional protection for the mobile phone display: The mobile phone case has a raised edge all around - so the touchscreen is better protected
- And so the circle closes: this product is made up of at least 20% recycled materials, enabling us to take part in an eco-friendly cycle
- Packaging with a clear conscience: our packaging is 100% plastic-free, enabling us to reduce plastic waste and increase its recyclability

**"Slim Protect" Mobile Phone Case for Samsung Galaxy S25 FE, transparent**

Material	Polycarbonate (PC)
----------	--------------------

- Minimalist mobile phone protection: the mobile phone protective cover is so thin and light that it is hardly noticeable - it blends seamlessly into the mobile phone design and preserves the original look without weighing it down or adding bulk
- Transparent mobile phone cover without rapid yellowing: enjoy your cover for a long time because it delays the yellowish discolouration
- A clean sweep: the mobile phone cover also covers the side buttons - this protects against dust and the metal buttons allow a perfect pressure point
- Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket
- Simply lay it down carefree: the raised edges of the phone case provide protection for the protruding camera lenses without compromising the quality of the photos
- Additional protection for the mobile phone display: The mobile phone case has a raised edge all around - so the touchscreen is better protected
- And so the circle closes: this product is made up of at least 20% recycled materials, enabling us to take part in an eco-friendly cycle
- Packaging with a clear conscience: our packaging is 100% plastic-free, enabling us to reduce plastic waste and increase its recyclability

# Bags & Cases

MOBILE PHONE CASES

## Shoulderbag

**hama**

**Cross-Body Bag, Universal Wearable Mobile Phone Bag, 17.5 x 11 cm, black**

- High-quality, soft synthetic leather for an especially pleasant touch
- Comfortable, wearable cross-bag look: length-adjustable, broad strap measuring approx. 130 cm for comfortable carrying
- Mobile phone bag with wallet function: 3 card compartments on the back of the cross-body bag offer space for IDs, cards, tickets, notes etc. - always at hand without having to search for your wallet
- The cross-body bag is a real space marvel: additional zipped compartment on the back for other small items such as change and keys
- Thanks to the snap hook, the strap can be removed or exchanged easily at any time
- Magnetic press stud for the secure and simple closure of the bag
- Trendy metallic details give the narrow cross-body bag a high-quality look
- The extremely soft inside of the bag prevents the display from getting scratched and protects the smartphone from dust and impacts
- Practical fashion accessory: the smartphone is always in view and your hands are still free
- Always handy: no bulging trouser pockets, no rummaging around endlessly in handbags - ideal for parties, festivals, work, on the go and everyday situations
- Suitable for virtually all smartphones with maximum dimensions up to 17.5 x 11.0 cm

### Booklet Case "Daily Protect for Google", Black

Material	Polyurethane (PU), Thermoplastic Polyurethane (TPU)
Type of Closure	Magnetic Fastener

- Lay it down carefree: the raised edges on the back of the phone case provide protection for the protruding camera lenses without affecting the quality of the photos
- Additional protection for the mobile phone display: The mobile phone case has a raised edge all around - so the touchscreen is better protected
- Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket
- Only opens when it's supposed to: practical case for mobile phone with hidden magnetic fastener
- Fingerprint-resistant surface: the robust material of the mobile phone flip cover avoids ugly smears from fingerprints - and instead simply always looks fresh and clean
- Mobile phone case with wallet function: the 2 card compartments in the mobile phone case offer space for ID, cards, tickets, notes etc. - always at hand without having to search for your wallet
- Stand-up mobile phone case: stand function for convenient positioning of the smartphone for watching videos in landscape format

### Booklet Case "Eco Premium for Samsung", Black

Material	Polyurethane (PU), Thermoplastic Polyurethane (TPU)
Type of Closure	Flap Closure

- All-round robust mobile phone case: elegant combination of high-quality imitation leather and sturdy metal elements for long-lasting mobile phone protection
- Extra strong additional protection: the raised edges made of noble metal in the mobile phone case back provide reliable protection for the protruding camera lenses without affecting the quality of the photos
- Additional protection for the mobile phone display: The mobile phone case has a raised edge all around - so the touchscreen is better protected
- A clean sweep: the mobile phone cover also covers the side buttons - this protects against dust and the metal buttons allow a perfect pressure point
- Tailor-made mobile phone case: protects what needs to be protected and leaves free what should remain free, e.g. loudspeaker and charging socket
- Fingerprint-resistant surface: the high-quality faux leather of the mobile phone flip cover avoids ugly streaks from fingerprints - and instead simply always looks fresh and clean

MOBILE PHONE CASES

**hama**

**Booklet Case**  
"Universal, Eco, for Handygr.  
8x17 cm", Brown

Material	Faux Leather
Type of Closure	Magnetic Fastener

- Fits like a glove: universal mobile phone case with adjustable holder can be customised to the size of the mobile phone, keeping everything free that needs to be kept free
- Always in shot: with the rotating holder, the mobile phone remains in the mobile phone bag even while taking a photo, keeping the smartphone protected throughout
- Only opens when it's supposed to: practical case for mobile phone with hidden magnetic fastener
- Mobile phone bag with wallet function: 2 small card compartments and one large card compartment spanning the entire inside in the mobile phone case offer space for IDs, cards, driving licences, notes, etc. - always to hand without rummaging around for your wallet
- Fingerprint-resistant surface: the robust material of the mobile phone flip cover avoids ugly smears from fingerprints - and instead simply always looks fresh and clean
- And so the circle closes: this product is made up of at least 20% recycled materials, enabling us to take part in an eco-friendly cycle
- Packaging with a clear conscience: our packaging is 100% plastic-free, enabling us to reduce plastic waste and increase its recyclability
- FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood

"Finest Sports" Sports Waterproof Mobile Phone Case for Smartphones, Size X

Material	Polyvinyl Chloride (PVC)
----------	--------------------------

- Whether in the water, by the water or on the water: thanks to IPX8, the waterproof mobile phone case is just as suitable for underwater photos while diving as it is for snapshots while swimming or beach photos
- Absolutely waterproof: use the open/close latch to activate the locking mechanism for secure and watertight closure
- Transparent mobile phone sleeve: smartphone can be operated through the touchscreen film
- Whatever you do during your outdoor activities around the water - with the waterproof mobile phone case you can make calls, take photos, write and listen to music without having to take the mobile phone out of the transparent waterproof case
- Beach walk, canoe trip or snorkelling: the carrying strap allows you to hold the waterproof mobile phone case securely in your hand or hang it comfortably around your neck like a neck pouch
- Luminous underwater mobile phone case: the fluorescent frame around the viewing window makes you and the phone case more visible at dusk and in the dark
- Suitable for smartphones with display up to 6.7" or dimensions up to 15.8 x 8 cm
- Passes, tickets, credit cards and cash can be stowed safely in the waterproof sleeve and protected from water, dust, dirt and sand

**Sports Arm Band, Mobile Phone Case for Jogging, 6.5\"/>**

Productline	Active Line
Material	Plastic Material, Synthetic elastane, Textile
Type of Closure	Hook and Loop Fastener
Inside Dimensions W x D x H	8 x 1.2 x 15.8 cm

- Reflective running pouch: silver reflector for better visibility at dusk and in the dark
- Whether it be water splashes or sweat: the mobile phone is optimally protected in the water-repellent, synthetic elastane
- Transparent mobile phone sleeve: smartphone can be operated through the touchscreen film
- For those important bits and pieces: zipped pocket on the front for headphones, keys, magnesium or all the little things that you need during your sporting activities
- Place for money and more too: a bank card or bank note will fit perfectly in the pocket with hook-and-loop fastener on the back of the arm pouch - for that stop-off at the beer garden on a lengthy run
- Sporty mobile phone pouch for S to XL: The upper arm pouch can be adjusted with a hook-and-loop fastener, making exercise and sport fun for everyone
- No slipping: non-slip material and double loop secure the running pouch to the upper arm
- For smartphones with a display size of 6.5" - 6.9" or dimensions up to 16.8 cm x 8.0 cm

### Glass Screen Protector "Clear Protect for Apple"

Material	Safety Glass (Hardened)
Mounting aid	EcoFrame
Temper	9H
Width x Length	5.85 x 12.96 cm

- Resilient display protection: impacts, scratches and the like are no problem for the durable and robust mobile phone protective glass thanks to its 9H hardness
- A clear view: highly transparent ultra-clear material in HD quality for a perfect, undistorted view of the display
- Recycled plastic: the EcoFrame mounting frame is made from 100% GRS-certified, recycled ABS plastic
- Three simple steps to display protection: clean the mobile phone display, put the EcoFrame mounting aid on the display, pop the mobile phone protective glass on top - done

### "Slim Protect" Mobile Phone Prot. Glass f. Apple iPhone Air, Mtg Tool

Material	D30®, Safety Glass (Hardened)
Mounting aid	EcoFrame
Temper	No Specifications

- Minimalist display protection: the protective glass is so thin and light that it is barely noticeable - it blends seamlessly into the mobile phone design and preserves the original touch experience
- High-end protective glass with D30® licence: this mobile phone protective glass guarantees shatterproof and shockproof impact protection with 10H hardness - for long-lasting display protection in all situations
- Full-screen coverage: the protective glass with black ultra-wide frame merges with the edge of the smartphone and offers complete protection for the front - from the display to the edges
- A clear view: highly transparent ultra-clear material in HD quality for a perfect, undistorted view of the display
- Recycled plastic: the EcoFrame mounting frame is made from 100% GRS-certified, recycled ABS plastic
- Three simple steps to display protection: clean the mobile phone display, put the EcoFrame mounting aid on the display, pop the mobile phone protective glass on top - done
- Precisely cut out: CNC-milled with such precision that the cut-outs, e.g. for the camera, are minimised to guarantee maximum coverage of the display
- "Perfect touch" surface with anti-fingerprint coating

### Glass Screen Protector "Super Hybrid for Apple"

Material	D30®, RPET Flexiglas
Mounting aid	EcoFrame
Temper	9H

- High-end protective glass with D30® licence: this mobile phone protective glass guarantees shatterproof and shockproof impact protection with 9H hardness - for long-lasting display protection in all situations
- Unbreakable armoured glass for longevity: the flexible, indestructible material guarantees effective protection against scratches, impacts and shocks
- Full-screen coverage: the protective glass with black ultra-wide frame merges with the edge of the smartphone and offers complete protection for the front - from the display to the edges
- Resource-sparing production from recycled PET material: the display protector and backing film are made 100% from environmentally friendly rPET - which uses up to 50% less energy in production and generates only 33% CO2 emissions compared to conventional new PET products
- Recycled plastic: the EcoAdapter is made from 100% GRS-certified, recycled ABS plastic

**"Smart Protect" Mob. Ph. Prot. Glass, Universal, SMART 9 Size, Mtg Aid**

Material	Safety Glass (Hardened)
Mounting aid	Easy App® Sticker
Temper	9H
Width x Length	6.7 x 14,2 cm

- Mobile phone protection for many models: the screen protector is designed to be compatible with many mobile phones – protection regardless of brand and model
- Resilient display protection: impacts, scratches and the like are no problem for the durable and robust mobile phone protective glass thanks to its 9H hardness
- A clear view: highly transparent ultra-clear material in HD quality for a perfect, undistorted view of the display
- "Perfect touch" surface with anti-fingerprint coating
- Simple steps to display protection: Clean the mobile phone display, apply the mounting sticker, put on the protective glass, and remove the sticker – done
- Attaches in an electrostatic way, therefore no adhesive needed, can be removed without leaving any residue
- FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood
- Antistatic microfibre cloth for cleaning the sensitive display
- High-tech real glass: just 0.33 mm thick
- Can be removed without leaving any residue

Lens Screen Protector

## hama

### Lens Screen Protector "Cam Protect for Apple", Transparent

Material	Tempered glass
----------	----------------

- Resilient camera protection: impacts, scratches and the like are no problem for the durable and robust protective glass thanks to its 9H hardness
- No photo impairment: the camera cover offers protection for the projecting camera lenses without impairing the quality of the photographs – for a carefree way to take pictures and videos
- Especially durable and robust camera protection made from tempered glass: perfect-fit and strong protection for camera lenses – prevents shattering, breakage and scratching of the camera lenses
- Unobtrusive: the transparent, form-fitting camera protection guarantees secure protection
- Two simple steps to achieve camera protection: clean the camera lenses, pop the camera cover on - done
- FSC-certified: the paper and cardboard used in our packaging comes from sustainable forest management - enabling us to take a resources-sparing approach to the raw material of wood

# Chargers & Batteries

# Charger & Power Supply Units

Charger

## hama

Charger, micro USB, 1 A, black

Connection	Micro-USB-Plug
Output Voltage/Output Current	5V/ 1A
Max. Output Power	5 W

- Charging current of max. 1 A for fast charging
- Charging process optimized for the device which guarantees maximum charging speed
- Connected devices are automatically recognized and optimally charged
- Optimized charging process saves the battery thus extending its service life
- Mains supply of 100V-240V suitable for worldwide use in conjunction with a country-specific adapter
- Intelligent and safe charging: overcharge, overvoltage and short circuit protection

00173670	
8	BK

## hama

Charger with Micro-USB Connection, 6 W, 1 m, black

Connection	Micro-USB-Plug
Output Voltage/Output Current	5V/ 1,2A
Max. Output Power	6 W

- Intelligent chip set for safe charging: overloading, excess current and short circuit protection, IC with temperature protection
- Optimized charging process saves the battery thus extending its service life
- Connected devices are automatically recognized and optimally charged
- Guarantees maximum charging speed with charging optimised for the device
- Compact design does not block other sockets
- 100 - 240 V mains connection suitable for worldwide use in conjunction with country-specific adapter

00201617	
60	HB

## hama

Charger "Micro USB, 2.4 A", Black

Connection	Micro-USB-Plug
Output Voltage/Output Current	5V/ 2,4A
Max. Output Power	12 W

- Charging current of max. 2,4 A for fast charging
- Charging process optimized for the device which guarantees maximum charging speed
- Connected devices are automatically recognized and optimally charged
- Optimized charging process saves the battery thus extending its service life
- Mains supply of 100V-240V suitable for worldwide use in conjunction with a country-specific adapter
- LED function indicator gives information about the device status
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Smart and safe charging: overcharge, overvoltage and short circuit protection

00183247

## hama

Fast Charger, GaN, 2x USB-C, Extendable Charging Cable, PD, 30 W, white

Connection	USB-C-Connector, USB-C-plug
Charge Technology	Power Delivery 3.0, Supports Qualcomm® 3.0
Max. Output Power	30 W
Power Supply	230 V

- Choose turbo mode: the fast charger charges many times faster than a conventional 5-Watt charger - charging speed with Power Delivery up to 30 Watt, additionally supports Qualcomm® Quick Charge™
- Powerful GaN charger: super-efficient with low heat development and all in a compact and lightweight design made possible by components made from gallium nitride
- Perfect for smartphones with high charging power: charge devices at high speed, to 60% in 30 minutes, ideal for devices of the latest generations since these often no longer come with chargers included when purchased
- USB-C cable always with you: if required, the cable can be pulled out continuously up to 70 cm and automatically rolled back into the housing after use, without any cable clutter
- Power for two: high-quality USB charger with extendable USB-C charging cable and an additional USB-C port to charge up to two devices simultaneously, e.g. smartphone and tablet
- Maximum compatibility: Power Delivery can be used anywhere, making it ideal for smartphones, AirPods, tablets and power packs

## hama

**Quick Car Charger, 2x USB-C, Extendable Charging Cable, PD, 30 W, black**

Connection	USB-C-Connector, USB-C-plug
Charge Technology	Power Delivery 3.0, Supports Qualcomm® 3.0
Max. Output Power	30 W
Power Supply	12 V PKW/24 V LKW

- Supports Power Delivery and Qualcomm® Quick Charge™ 2.0/3.0 technology, which guarantees extra-quick charging, faster than with conventional charging technologies
- Guarantees maximum charging speed with charging optimised for the smartwatch
- Optimized charging process saves the battery thus extending its service life
- USB-C cable always with you: if required, the cable can be pulled out continuously up to 70 cm and automatically rolled back into the housing after use, without any cable clutter
- Power for two: high-quality USB charger with extendable USB-C charging cable and an additional USB-C port to charge up to two devices simultaneously, e.g. smartphone and tablet
- Connected devices are automatically recognized and optimally charged
- Maximum performance on any USB port thanks to two separate circuits
- Intelligent chip set for safe charging: overloading, excess current and short circuit protection, IC with temperature protection
- Perfect in the car: compact car charging adapter for the cigarette lighter socket
- Guarantees maximum charging speed with charging optimised for the device

- Perfect for smartphones with high charging power: charge devices at high speed, to 60% in 30 minutes, ideal for devices of the latest generations since these often no longer come with chargers included when purchased
- Maximum compatibility: Power Delivery can be used everywhere, making it ideal for smartphones, laptops, AirPods, tablets and power packs
- Supports Qualcomm® Quick Charge™ 2.0/3.0 technology as this guarantees extremely fast charging
- Super-compact design, full power: space-saving System-on-Chip design allows an ultra-small and lightweight charger with zero compromises in terms of power
- Intelligent chip set for safe charging: overloading, excess current and short circuit protection, IC with temperature protection
- Optimized charging process saves the battery thus extending its service life
- Connected devices are automatically recognized and optimally charged

**Fast Charger, GaN, 2x USB-C, Super-Mini Charger, PD, 40 W, white**

Connection	USB-C Connector
Charge Technology	Power Delivery, Supports Qualcomm® 3.0

- Choose turbo mode: the fast charger charges many times faster than a conventional charger - charging speed with Power Delivery up to 40 Watt, additionally supports Qualcomm® Quick Charge™
- Powerful GaN charger: super-efficient with low heat development and all in a compact and lightweight design made possible by components made from gallium nitride
- Perfect for smartphones with high charging power: charge devices at high speed, to 60% in 30 minutes, ideal for devices of the latest generations since these often no longer come with chargers included when purchased
- Ideal for the simultaneous and fast charging of multiple devices via USB-C
- Power for two: high-quality USB charger with two USB-C ports for charging up to two devices at the same time, e.g. smartphone and tablet
- Maximum compatibility: Power Delivery and Qualcomm® Quick Charge™ 3.0 can be used universally, so are suitable for smartphones, AirPods, tablets, power packs and MacBook Air
- Supports Power Delivery and Qualcomm® Quick Charge™ 2.0/3.0 technology, which guarantees extra-quick charging, faster than with conventional charging technologies

**Fast Charger, 1x USB-A, 1x USB-C, PD, 30 W, black**

Connection	USB Type A female/female, USB-C Connector
Charge Technology	Power Delivery, Supports Qualcomm® 2.0

- Perfect for smartphones with high charging power: charge devices at high speed, to 60% in 30 minutes, ideal for devices of the latest generations since these often no longer come with chargers included when purchased
- Power Delivery technology guarantees extremely fast charging
- Maximum compatibility: Power Delivery can be used anywhere, making it ideal for smartphones, AirPods, tablets and power packs
- Maximum compatibility for all mobile phones, tablets and other devices with USB-C or USB-A connection
- Also ideal for Apple iPhone: iPhone SE, 12, 12 mini, 12 Pro, 12 Pro Max, 13, 13 mini, 13 Pro, 13 Pro Max, 14, 14 Plus, 14 Pro Max, 15, 15 Plus, 15 Pro Max, 16, 16 Plus, 16 Pro, 16 Pro Max, can be used from iPhone 11
- Intelligent chip set for safe charging: overloading, excess current and short circuit protection, IC with temperature protection
- Optimized charging process saves the battery thus extending its service life
- The USB charger automatically detects connected devices and charges them as efficiently as possible
- High-quality USB charger for many years of use

**UK Fast Charger, USB-C, PD/Qualcomm®/GaN, Mini-Charger, 65 W, white**

Connection	USB Type A female/female, USB-C-Connector
Charge Technology	Power Delivery 3.0, Supports Qualcomm® 3.0
Input Voltage Range from/to	100-240 V
Max. Output Power	65 W

- Perfect for smartphones with high charging power: charge devices at high speed, to 60% in 30 minutes, ideal for devices of the latest generations since these often no longer come with chargers included when purchased
- Powerful GaN charger: super-efficient with low heat development and all in a compact and lightweight design made possible by components made from gallium nitride
- Maximum compatibility: Power Delivery and Qualcomm® Quick Charge™ 3.0 can be used universally, so are suitable for smartphones, AirPods, tablets, power packs and notebooks
- Intelligent chip set for safe charging: overloading, excess current and short circuit protection, IC with temperature protection
- Optimized charging process saves the battery thus extending its service life
- Connected devices are automatically recognized and optimally charged
- Power for two: high-quality USB charger with two ports for charging two devices at the same time, e.g. smartphone and tablet
- Backwards-compatible with all versions of Power Delivery and Qualcomm® Quick Charge™ 3.0 technology

**Fast Charger, 2x USB-C, 1x USB-A, PD, 65 W, anthracite**

Connection	Euro Plug, USB Type A female/female, USB-C-Connector
Charge Technology	Power Delivery 3.0
Input Voltage Range from/to	100-240 V
Max. Output Power	65 W

- Perfect for smartphones with high charging power: charge devices at high speed, to 60% in 30 minutes, ideal for devices of the latest generations since these often no longer come with chargers included when purchased
- Power Delivery technology guarantees extremely fast charging
- Maximum compatibility: Power Delivery can be used anywhere, making it ideal for smartphones, AirPods, laptops, tablets and power packs
- Maximum compatibility for all mobile phones, tablets and other devices with USB-C or USB-A connection
- Intelligent chip set for safe charging: overloading, excess current and short circuit protection, IC with temperature protection
- Optimized charging process saves the battery thus extending its service life
- Connected devices are automatically recognized and optimally charged
- Max. output power: 65 Watts - Universal charger for the rapid charging of mobile phones or other devices via the USB-A and USB-C interface
- 100 - 240 V mains connection suitable for worldwide use in conjunction with country-specific adapter

**Charger, 2x USB-A, 12 W, 20 Pieces in Display**

Connection	USB Type A female/female
Charge Technology	None
Input Voltage Range from/to	100-240 V

- Ideal for quickly charging several devices via USB at the same time
- Charging process optimized for the device which guarantees maximum charging speed
- Connected devices are automatically recognized and optimally charged
- Optimized charging process saves the battery thus extending its service life
- Smart and safe charging: overcharge, overvoltage and short circuit protection
- USB output: 2 x 5 V/1200 mA

**Car Fast Charger, 1x USB-C, 1x USB-A, PD, 30 W, 25 Pieces in Display**

Connection	USB Type A female/female, USB-C-Connector
Charge Technology	Power Delivery 3.0
Input Voltage Range from/to	12-24 V
Max. Output Power	30 W

- Power Delivery technology guarantees extremely fast charging
- Maximum compatibility: Power Delivery can be used anywhere, making it ideal for smartphones, AirPods, tablets and power packs
- Intelligent chip set for safe charging: overloading, excess current and short circuit protection, IC with temperature protection
- Optimized charging process saves the battery thus extending its service life
- Connected devices are automatically recognized and optimally charged
- Perfect in the car: compact car charging adapter for the cigarette lighter socket
- Ideal for the simultaneous and fast charging of multiple devices during the journey
- Guarantees maximum charging speed with charging optimised for the device
- Max. output power: 30 Watts

CHARGERS & BATTERIES

**hama**

**Car Charger, USB Type-C, 3 A, black**

Connection	Cigarette Lighter Plug, USB-C-plug
Output Voltage/Output Current	5V/ 3A
Max. Output Power	15 W

- Superior premium quality with respect to workmanship and performance
- Charging current of max. 3 A for fast charging
- Charging process optimized for the device which guarantees maximum charging speed
- Connected devices are automatically recognized and optimally charged
- Optimized charging process saves the battery thus extending its service life
- Easy and quick connection thanks to the USB-C plug that can be used on both sides
- Charger for easy charging in a car/ lorry
- Intelligent and safe charging: overcharge, overvoltage and short circuit protection
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Compact design

				<b>00173618</b>

**Charger Set**

**hama**

**Car Fast Charger with USB-C Charging Cable, 19.5 W, 1.5 m, black**

Connection	Cigarette Lighter Plug, USB-C-plug
Charge Technology	Supports Qualcomm® 3.0
Output Voltage/Output Current	3,6 - 6,5V/ 3A, 6,5 - 9V/ 2A, 9 - 12V/ 1,5A
Max. Output Power	19.5 W

- Perfect for smartphones with high charging power: High-speed charging of devices, up to 50 % in 30 minutes, ideal for newer generation devices
- Maximum compatibility: Qualcomm® Quick Charge™ 3.0 can be used universally, so is suitable for smartphones, tablets and power packs
- Intelligent chip set for safe charging: overloading, excess current and short circuit protection, IC with temperature protection
- Optimized charging process saves the battery thus extending its service life
- Connected devices are automatically recognized and optimally charged
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Perfect in the car: small and lightweight charging kit comprising charger for the cigarette lighter socket and charging cable
- Backwards-compatible with all versions of Qualcomm® Quick Charge™ 3.0 technology
- Max. output power: 19.5 Watts

Black				<b>00201615</b>

**hama**

**Car Fast Charger with USB-C Charging Cable, PD, 25 W, 1 m, black**

Connection	Cigarette Lighter Plug, USB-C-plug
Charge Technology	Power Delivery, Supports Qualcomm® 2.0, Supports Qualcomm® 3.0
Output Voltage/Output Current	3,3 - 5,9V/ 3A, 3,3-11V/ 2,25A, 5V/ 3A, 9V/ 2,77A
Max. Output Power	25 W

- Power Delivery technology guarantees extremely fast charging, up to five times faster than with conventional charging technologies
- Maximum compatibility: Power Delivery can be used anywhere, making it ideal for smartphones, AirPods, tablets and power packs
- Supports Qualcomm® Quick Charge™ 2.0/3.0 technology as this guarantees extremely fast charging
- Highly intelligent Power Delivery chip-set automatically detects connected devices for efficient and optimised charging
- Optimized charging process saves the battery thus extending its service life
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Perfect in the car: small and lightweight charging kit comprising charger for the cigarette lighter socket and charging cable
- Smart and safe charging: overcharge, overvoltage and short circuit protection, IC with temperature protection
- Supports Power Delivery and Qualcomm® Quick Charge™ 2.0/3.0 technology
- Max. output power: 25 Watts
- LED function indicator provides information about the device status

**hama**

**Car Fast Charger with Lightning Charging Cable, PD, 20 W, 1 m, white**

Connection	Cigarette Lighter Plug, Lightning connector
Charge Technology	Power Delivery
Output Voltage/Output Current	5V/ 3A, 9V/ 2,22A, 12V/ 1,67A
Max. Output Power	20 W

- Power Delivery technology guarantees extremely fast charging
- The USB-C connection and the new Lightning connector support the Apple iPhone's fast charging function with a Power Delivery (PD) charger
- Maximum compatibility: Power Delivery can be used anywhere, making it ideal for smartphones, AirPods, tablets and power packs
- Highly intelligent Power Delivery chip-set automatically detects connected devices for efficient and optimised charging
- Optimized charging process saves the battery thus extending its service life
- Sturdy plugs and moulded strain reliefs, high mechanical resistance
- Perfect in the car: small and lightweight charging kit comprising charger for the cigarette lighter socket and charging cable
- Smart and safe charging: overcharge, overvoltage and short circuit protection, IC with temperature protection
- Supports the Power Delivery technology
- Max. output power: 20 Watts
- LED function indicator provides information about the device status

Wireless Charger

**hama**

**"FC10 Motion" Car Mobile Phone Charger, 10 W, Wireless, Qi Charge, black**

Charge Technology	Wireless Fast Charge
Max. Output Power	10 W

- Automatic, electromechanical holding jaws for a secure grip of the smartphone
- Mobile charger for practical charging in cars / trucks
- Device can be conveniently inserted in the mobile phone holder with one hand and triggers automatic closing of the holding jaws
- Compact design for space-saving attachment - ideal in the car
- Inductive charging technology for the wireless charging of compatible smartphones
- Wireless charging of smartphones with Qi technology
- Wireless fast charge technology guarantees extremely fast charging
- Connected devices are automatically detected and optimally charged
- Charging process optimized for the device which guarantees maximum charging speed
- Optimized charging process saves the battery thus extending its service life
- Smartphones in wireless charging-compatible cases do not have to be removed and can be charged wirelessly right away
- LED function indicator gives information about the device status
- That tedious search for a charging cable and the tangle of cables are no more thanks to the wireless charger

„**QI-FC10 DUO**“ Wireless Charger, 10 W, Wireless Smartphone Charging Pad, blk

Charge Technology	Wireless Fast Charge
Max. Output Power	10 W

- Two coils enable the simultaneous charging of 2 smartphones on the Qi charging pad
- Qi charging pad in high-quality design for the table: simply place and charge smartphone
- Inductive charging technology for the wireless charging of compatible smartphones
- Wireless charging of smartphones with Qi technology
- Wireless fast charge technology guarantees extremely fast charging
- Exclusive and elegant fabric surface protects the back of the smartphone from scratches
- Smartphones in wireless charging-compatible cases do not have to be removed and can be charged wirelessly right away
- Connected devices are automatically detected and optimally charged
- Charging process optimized for the device which guarantees maximum charging speed
- Optimized charging process saves the battery thus extending its service life
- LED function indicator gives information about the device status
- Table charger in appealing design looks good, feels good and fits perfectly in every office and home environment
- That tedious search for a charging cable and the tangle of cables are no more thanks to the wireless charger
- Wireless fast charge: fast charger with charging speeds of up to 10 W on both charging coils

**Qi2 Wireless Charger, Inductive Fast Charging, 2in1 Charging Station, 15 W**

Charge Technology	Wireless Fast Charge
Max. Output Power	15 W

- Qi2 charger in high-quality design for the desktop: simply place the smartphone on the charging pad with the Qi2 standard and charge
- The integrated magnetic ring means that compatible devices can be easily docked onto the charger and perfectly positioned for efficient charging - without any fiddly manual alignment
- for every viewing angle: the smartphone holder can be inclined from 0 - 65 degrees so that you can view your mobile phone without straining your neck. You can rotate the smartphone itself on the wireless charger around 360° to suit, or position it in portrait or landscape format
- Even more wireless charging: headphones can be charged wirelessly with a maximum of 5 W on the silicone tray
- Universal Qi2 standard: the induction charger works with all original Apple MagSafe products and Hama mobile phone cases with a magnetic ring, as well as with all Qi2-compatible devices
- Charging with USB-C also works: whether mobile phone, power pack or Bluetooth speaker with USB-C connection - these devices also have a refuelling option at the USB-C socket of the charging station
- High-quality and robust metal housing with rounded aluminium edges for an elegant look
- Wirelessly charge smartphones and other compatible devices with Qi2 technology
- Wireless fast charge technology guarantees extremely fast charging

### Power Pack

## **hama**

**Power Pack "Colour, 2 Outputs: USB-C, USB-A", 20000 mAh**

Connection (Input)	USB-C-coupling
Connection (Output)	USB Type A female/female, USB-C-coupling

- The power pack provides an energy boost on the go
- Optimised charging protects the battery and therefore prolongs the lifespan of mobile phones, tablets, etc.
- Certified cells for maximum quality and safe charging: overcharge, overvoltage, overheating and short circuit protection
- Small and lightweight: the mobile charger fits in any pocket and hand luggage
- Maximum compatibility for all mobile phones, tablets and other devices, e.g. smart watch, digital camera or Bluetooth headphones
- One charge of the powerful battery pack is all it takes to use the Samsung Galaxy S21+ for 165 hours longer, for example
- Via the USB-C connection, the power pack is fully charged in 9 hours
- Integrated LED capacity indicator: displays in four stages (100%, 75%, 50%, 25%) how much power is still available
- Input: USB-C
- 2 outputs: 1x USB-C, 1x USB-A

**Power Pack "Pocket", 10000 mAh**

Connection (Input)	USB-C-coupling
Connection (Output)	USB Type A female/female

- The power pack provides an energy boost on the go
- Optimised charging protects the battery and therefore prolongs the lifespan of mobile phones, tablets, etc.
- Certified cells for maximum quality and safe charging: overcharge, over-voltage, overheating and short circuit protection
- Small and lightweight: the mobile charger fits in any pocket and hand luggage
- Maximum compatibility for all mobile phones, tablets and other devices, e.g. smart watch, digital camera or Bluetooth headphones
- One charge of the powerful battery pack is all it takes to use the Samsung Galaxy S21+ for 85 hours longer, for example
- Via the USB-C connection, the power pack is fully charged in 7.4 hours
- Integrated LED capacity indicator: displays in four stages (100%, 75%, 50%, 25%) how much power is still available
- Input: USB-C
- 2 outputs: 2x USB-A

## hama

### Power Pack "Roll Up", 10000 mAh

Connection (Input)	USB-C-coupling
Connection (Output)	USB Type A female/female

- Power bank ensures a boost of energy while on the move; the mobile charger can charge three devices simultaneously
- Fast charging technologies Power Delivery and Qualcomm® Quick Charge™ 3.0 guarantee extra-quick charging, faster than with conventional chargers
- USB-C cable always with you: if required, the cable can be pulled out up to 30 cm and automatically rolled back into the housing after use, without any cable clutter
- Optimised charging protects the battery and therefore prolongs the lifespan of mobile phones, tablets, etc.
- Certified cells for maximum quality and safe charging: overcharge, over-voltage, overheating and short circuit protection
- Small and lightweight: the mobile charger fits in any pocket and hand luggage
- At a glance: The handy display on the fast-charge powerbank shows how much energy is still available in the mobile charger
- Maximum compatibility for all mobile phones, tablets and other devices, e.g. smart watch, digital camera or Bluetooth headphones
- Max. power output: 22 Watts - The fast-charging power bank with PD and QC charges compatible smartphones and many other devices via the USB-C and USB-A interface

### Qi2 Wireless Power Pack, 10000 mAh, Magnetic, Inductive Charging, anthracite

Connection (Input)	USB-C-coupling
Component	USB-Type-C-Cable

- Wireless power bank provides an energy boost on the go: Take photos, write messages or watch videos, simply continue to use your Qi2 or MagSafe-compatible smartphone while you charge it wirelessly
- The integrated magnetic ring means that compatible devices can be easily docked onto the charger and perfectly positioned for efficient charging - without any fiddly manual alignment
- Wirelessly charge smartphones and other compatible devices with Qi2 technology
- In the Qi2 league: The wireless power bank has passed the stringent tests of the Wireless Power Consortium (WPC) and received Qi2 certification
- Certified cells for maximum quality and safe charging: overcharge, over-voltage, overheating and short circuit protection
- Nothing interferes: Foreign object detection stops the charging process as soon as objects such as coins or keys get between the battery pack and the mobile phone, so the smartphone can also be safely charged wirelessly in pockets
- Optimized charging process saves the battery thus extending its service life
- Universal Qi2 standard: the induction charger works with all original Apple MagSafe products and Hama mobile phone cases with a magnetic ring, as well as with all Qi2-compatible devices

### "Travel" Power Pack with Cable, 10000mAh, 2 Outputs: 2x USB-C, anthracite

Connection (Input)	USB-C-plug
Connection (Output)	USB-C-plug

- The power pack provides an energy boost on the go
- Always to hand: with the power pack featuring integrated USB-C cable, you only have to think of one thing when packing
- Optimised charging protects the battery and therefore prolongs the lifespan of mobile phones, tablets, etc.
- Certified cells for maximum quality and safe charging: overcharge, over-voltage, overheating and short circuit protection
- Small and lightweight: the mobile charger fits in any pocket and hand luggage
- Maximum compatibility for all mobile phones, tablets and other devices, e.g. smart watch, digital camera or Bluetooth headphones
- One charge of the powerful battery pack is all it takes to use the Samsung Galaxy S21+ for 85 hours longer, for example
- Via the USB-C connection, the power pack is fully charged in 5.8 hours
- Integrated LED capacity indicator: displays in four stages (100%, 75%, 50%, 25%) how much power is still available
- Input/output: USB-C via integrated cable, length 6.5 cm - when not in use, the plug can be safely stowed away in the recess
- 1 further output: USB-C

### "High Power" Power Pack, 200 W, 24000 mAh, 2x USB-C, USB-A, Quick Charging

Connection (Input)	USB-C-coupling
Component	USB-Type-C-Cable

- Power in best time: A whopping 200 Watts of maximum output power quickly revs up even powerful devices such as laptops, gaming notebooks and high-performance smartphones
- Powerbank provides a power boost on the go; the mobile charger can charge three devices simultaneously via two USB-C sockets and one USB-A socket
- Fast charging technologies Power Delivery and Qualcomm® Quick Charge™ 3.0 guarantee extra-quick charging, faster than with conventional chargers
- Optimised charging protects the battery and therefore prolongs the lifespan of mobile phones, tablets, etc.
- Certified cells for maximum quality and safe charging: overcharge, over-voltage, overheating and short circuit protection
- Detailed data at a glance: the high-quality TFT colour display of the Fast Charge powerbank shows the percentage of energy left in the mobile charger and the output power of the individual sockets and the total power in Watts
- Maximum compatibility for all mobile phones, tablets and other devices, e.g. smart watch, digital camera or Bluetooth headphones
- For the little ones: the power pack also recognises less power-hungry devices and supplies them with new energy by switching to low power mode

# Remote Control Releases | Monopods & Tripods

## Wireless Shutter Release

**hama**

### "BRS5" Bluetooth® Remote Trigger

Shade of colour	Black
Bluetooth Version	5.3

- Easy pairing: connection via Bluetooth directly with the smartphone, Android phone or iPhone, or tablet / iPad
- Allows unusual photo and selfie angles
- For selfie photos and videos, blogs, ideal for trips, for life on the move and for action photography
- Better focusing, faster snapshots, resulting in better pictures and sharp, un-blurred selfies
- If the smartphone or tablet is positioned in a suitable spot, both arms can remain free - the extended selfie arm is passé
- Safe photography in high-action situations
- Perfect for party and group shots because the range of up to 10 m allows a much wider image field
- Independent of self-trigger mode
- Small and compact, the Bluetooth shutter release can go anywhere
- Can be switched off, preventing accidental triggering while being transported and saving energy

## Tripod

**hama**

### Tripod for Smartphone/Tablet, 106 - 3D

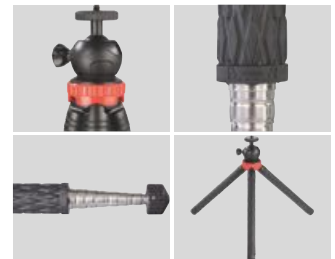

Thread/Connection	1/4" (6.4 mm), Smartphone holder, Tablet holder
Leg Segments	4 Sections (3x Extendible)
Material	Aluminium
Maximum Load	500 g
Tripod Head	3D: 3-Way Head
Type	Tripod
Min. Height - Max. Height	36,5 -106 cm
Maximum Profile Thickness	16.8 mm
Weight	520 g

- Camera Tripod:
- Camera tripod for blur-free images and stability on uneven surfaces
- 3D: 3-way head allows perfect orientation for level, horizontal and portrait-format snaps
- Quick-change plate for rapid changing of the camera
- Spirit level integrated into the tripod head
- Infinite height adjustment of the central pillar
- Cross-struts and rubber feet for secure stand
- Functional quick-action leg locks for fast and simple locking of the leg length in any position

#### Smartphone / Tablet Holder:

- with this holder, all smartphones and tablets can be attached to tripod
- Screw-connected universal holder for devices without tripod socket
- Extremely flexible for a smartphone width from 5.5 to 8.2 cm and a tablet width from 11.2 to 18.5 cm (in horizontal format)

**„Solid" tripod for mobile phone and camera, travel tripod with ball head, max. 19 cm**

Thread/Connection	1/4" (6.4 mm), Smartphone holder
Material	Plastic Material
Maximum Load	1000 g
Tripod Head	3D Ball Head
Type	Tripod
Min. Height - Max. Height	16 -19 cm
Weight	270 g

- Classic meets punk: with the mobile phone holder, the tripod can be used as both a classic camera tripod and an innovative mobile phone tripod
- Professional mini tripod: stable and robust workmanship with high-quality materials and screwed-in rather than bonded components to guarantee a tripod with a long service life; aluminium inserts and Nylon-reinforced plastic for additional stabilisation
- With lightweight luggage: the small, stable travel tripod is always with you - with its small packed dimensions, it is the ideal tripod for on the go
- Small, but flexible: the height of the tripod legs can be adjusted in 4 stages, very easily via a sliding locking mechanism with the press of a button on the inside of the tripod legs
- Variety in mini format: selfies, video diaries and blogs - the camera tripod with fold-in tripod legs can easily be used as a selfie stick
- Brings movement to life: the ball head allows perfect orientation for recording in portrait and landscape format

**hama**

**"MagGrip" Camera Handle for Mobile Phone, Magnetic Handle, Remote-control Release, 1/4"**

Attachment	Magnet/Tripod Thread 1/4"
Material	Plastic Material

- The right smartphone grip: mobile phone holder with grip for taking photos and filming like with a professional camera - less wobbling but comfortable and safe handling
- Practical and safe: simply dock your mobile phone onto the magnetic handle, e.g. for MagSafe and Qi-enabled smartphones
- Easy to upgrade: can also be used for mobile phones without a built-in magnet, simply attach the magnetic ring to the mobile phone or in the case - suitable for any smartphone with or without a case or protective cover
- Set up, mount, focus: attach your mobile phone to a selfie stick or tripod using the grip, use it immediately as a desk stand at the perfect angle for videos and conferences, or take the classic handheld selfie — the camera grip for your phone makes it all easier.
- For portrait or landscape format: the mobile phone can be rotated 360° in its holder for optimal alignment of the smartphone — whether in your hand or on a table
- A firm footing on location: thanks to the 1/4" thread, can be mounted onto all common tripods
- With lightweight luggage: the compact handle for your mobile phone is always with you — thanks to the 1/4" thread, it easily replaces the special smartphone holder for the tripod, ideal for travelling
- Mobile Phone Handle
- Selfie photos, videos and blogs anywhere: perfect for hand luggage

### "Move" Car Mobile Phone Holder for Grating, Universal up to 9 cm Wide

Material	Plastic Material
Model	Car Holder

- Adaptable: simple and customised adaptation to the device thanks to mobile clamp holder
- Compact design for space-saving attachment
- Suitable for every smartphone with and without case or or protective sleeve
- The car phone holder is compatible with smartphones with a width of 4.5 - 9 cm
- Simple locking by pushing the clamp holder together, the fixation is released with the push of a button
- Access to the smartphone's charging socket remains free, so that the device can also be charged while driving
- The universal smartphone holder is secured without gluing or drilling to the ventilation outlet, meaning it can fit in virtually any car and can be easily removed if required

### Car Mobile Phone Holder for Round Grating, 360-degree Rotation, Universal

Material	Plastic Material/ Silicone
----------	-------------------------------

- Especially for round: developed for a reliable grip on gratings with a round shape
- Adaptable: simple and customised adaptation to the device thanks to mobile clamp holder
- Perfect orientation: thanks to a ball joint the device can be rotated 360° and has an adjustable tilt angle, ideal for portrait or landscape format
- Suitable for every smartphone with and without case or or protective sleeve
- Simple locking by pushing the clamp holder together, the fixation is released with the push of a button
- Flexible in terms of height: the holding feet can be adjusted and therefore offer a secure grip for any mobile phone
- The car phone holder is compatible with smartphones with a width of 4.5 - 8 cm
- Access to the smartphone's charging socket remains free, so that the device can also be charged while driving
- Easy, single-handed removal of the smartphone from the holder: a button press releases the lock
- The phone can be turned as desired, e.g. for horizontal navigation on the smartphone
- By changing the angle of inclination, the best view of the display is always possible, even in sunlight, for example
- Rubberised holding clamps protect the mobile phone and grating against scratches and ensure a stable, non-slip grip
