

SMART LIVING
CAN BE SO SIMPLE

ENJOY AN EASIER AND BETTER LIFE

There's no place like home! It's where your family, partner and beloved pet are – the place where you feel comfortable.

Now the future beckons, and voice-controllable systems are increasingly being included in new-build homes. But if you have already built your nest, you can still enjoy all the benefits of smart innovations.

OUR MOTTO

Easily integrate smart systems into your existing home – and make everyday life a little easier. For this purpose, we offer smart products that can be controlled by app or with voice assistants such as Amazon Alexa or Google Assistant.

OVERVIEW

OUR IDEA OF *SMART*

Equipping your home with smart components does not have to be complicated. Our mission is to offer simple solutions that allow you to make your home intelligent little by little.

SIMPLE

Hence our motto 'Smart Home. Made simple'. Our smart home devices are easy to put into operation and easy to use. For greater ease in controlling the devices, we have developed an app – it provides an overview of all connected devices and gives you full control, wherever you are.

RETROFFITABLE

Easily add smart products from our extensive range, step by step, to your home. The possibilities here are endless and the integration of new products is super simple: With our app, you can integrate each additional smart home product very conveniently into your intelligent home.

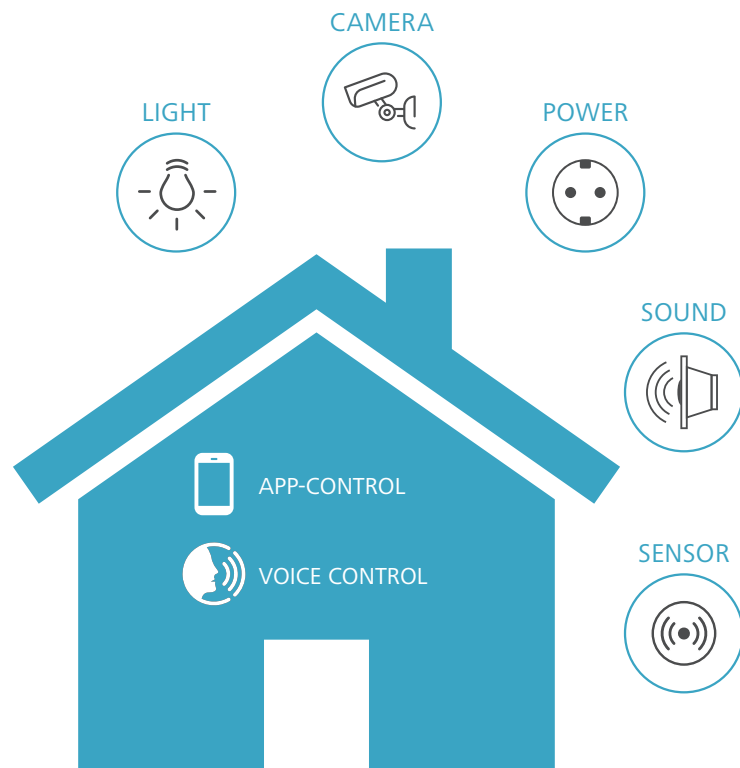

COMPATIBLE

You can also combine our products with smart devices from other manufacturers insofar as they are compatible with Amazon Alexa, Google Assistant or Powered by Tuya.

ONE SYSTEM – MANY POSSIBILITIES

Smart lighting control, intelligent power sockets, small, sensitive aides for a networked home, or smart speakers for perfect music enjoyment: Our products ensure more security and convenience in everyday life.

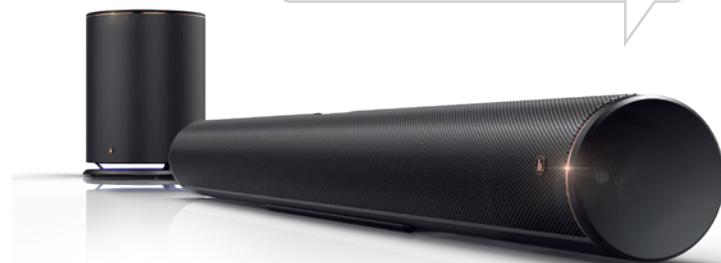

SMART SOUND

Our smart soundbars and speakers are compatible with Amazon Alexa, and have integrated microphones that enable them to receive and carry out voice commands.

The smart sound systems from Hama combine this new voice technology with brilliant sound thanks to high-quality components and workmanship. This is highlighted in numerous test ratings and quality awards.

Full connectivity is ensured through the multitude of connection options.

Designed
in
Germany

'Alexa, play Coldplay.'

'Alexa, which films are currently showing?'

EVERYTHING UNDER CONTROL

Play audio on our smart sound devices very easily by ...

voice command

app

remote control

or using the buttons on the device.

'ALEXA, PLAY MY FAVOURITE PLAYLIST'

FOR ENDLESS MUSIC ENJOYMENT

Link the smart audio devices directly to your Spotify account and enjoy the full range of hits with Spotify Connect.

Other music streaming services, such as Audible and Amazon Music, can also be used very easily.

OUR SOUNDBARS

Our smart soundbars give you a phenomenal film experience. Turn your home cinema into the fighting arena of your favourite superheroes – everything by the power of your words.

These smart soundbars come with a wireless subwoofer and produce unadulterated 2.1 sound.

FOR A MUSIC EXPERIENCE IN DOLBY QUALITY

Designation Item number	RRP
Smart-Slim-Soundbar 2.1 "3800ABT" 00054852	399,00 €
Smart-TV-Soundbar 2.1 "4000ABT" 00054843	499,00 €

OUR SPEAKERS

FOR PERFECT MUSIC ENJOYMENT

Designation Item number	RRP
Smart Speaker "1400ABT" ● 00054859	149,00 €
Mobile Smart Speaker "1000ABT" ● 00054880 ● 00054889	189,00 €
Smart Speaker "2000AMBT" ● 00054881 ● 00054886	279,00 €
Smart Speaker "2100AMBT" ● 00054882 ● 00054887	399,00 €

In black and white for the kitchen, living room and bedroom.

A full complement of tweeters, mid-woofers and sub-woofers reproduces every frequency range in first-class quality to give full bass and crystal-clear treble. The resulting sound is impressive.

SMART LIVING

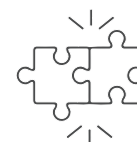

Control all devices in the smart living series very easily by app or voice commands.

It doesn't matter whether you use Amazon's Alexa or the Google Assistant – our smart accessories work with both systems. Or control everything conveniently from your smartphone. From lighting control to the motion detector – with the right accessories, you have your home under control.

IT'S YOUR CHOICE

Many smart devices on the market require use of an additional component as a bridge/gateway, to enable you to communicate over your network. Our smart home products do not require this additional device. **This simplifies installation and lowers the purchase price.**

Thanks to the **compatibility** of our products, you can, for example, wake up to music playing through your smart speakers, while at the same time, the blinds go up and dimmed light comes on – **even if a component of your smart home comes from a different supplier.**

MORE SECURITY

Our smart home products bring more security and convenience to your everyday life. Discover the full breadth of our range.

Designation Item number	RRP
WiFi Door-/Window-Contact 00176553	24,99 €
WiFi Motion Sensor 00176554	29,99 €
WiFi Camera 1080p, Full HD 00176566	59,99 €

WiFi Door-/Window-Contact

00176553

Transmits push notifications to the smart-phone if the window position changes, or triggers a programmed action, for example, heating off; siren on.

WiFi Motion Sensor

00176554

Switches the light on and transmits push notifications to your smartphone if there is an intruder.

WiFi Camera 1080p, Full HD

00176566

Includes motion sensor, night vision function, microphone and speaker. For monitoring your home, baby or pet. Data storage either on an SD card or in the cloud.

MORE CONVENIENCE

Uncomplicated plug-in or a flush-mounted solution – you choose. Control your electronic devices, such as floor lamp, fan or radio, very easily by app or voice command.

WiFi Power Socket

00176552

For switching on/off plugged-in electrical devices by app, using voice command or by pressing a button – or automatically at sunrise/sunset, or at times that you have pre-set. This smart addition replaces the classical timer switch.

WiFi Upgrade Switch

00176556

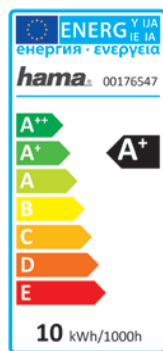

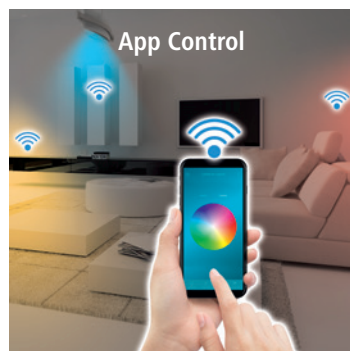

Retrofit instead of new purchase:
The module is installed directly behind the sockets or light switches, and makes your room smart.

Designation Item number	RRP
WiFi Power Socket 00176552	17,99 €
WiFi Power Socket with current measuring device 00176565	22,99 €
WiFi Touch Wall Switch 00176551	24,99 €
WiFi Upgrade Switch 00176556	24,99 €

CONTROL BY APP

Control both worlds – the smart sound systems and the smart living products – very easily, by voice or app, using your smartphone or tablet. Initial setup of the devices can also be carried out conveniently using our HAMA SMART HOME app.

YOUR BENEFITS

- ✓ **Control by app** from home or away.
- ✓ **Easy operation** and a good overview of all active devices in the app.
- ✓ Thanks to the **grouping function**, multiple connected devices can be controlled simultaneously and centrally from the smartphone. For example, the light can be switched on everywhere.
- ✓ **Scenes** can be created, allowing various types of smart devices to be activated simultaneously. For example, in the cinema scenario, the light is dimmed and the TV is switched on.
- ✓ **Push notifications** to the smartphone in case of security system warnings.
- ✓ Everything in view thanks to **live streaming** from the surveillance camera directly to the smartphone.

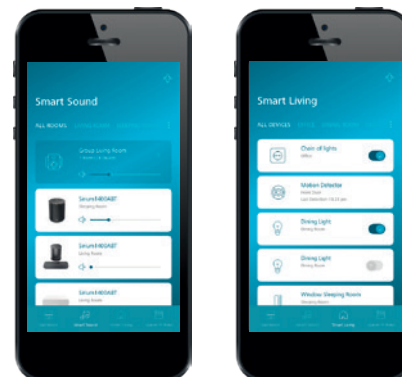

FREE DOWNLOAD. EASY INTEGRATION.

Simply download the free HAMA SMART HOME app in the App Store or, if you are an Android user, from Google Play.

After setting up a free account, you can set up each of your smart home devices, in turn, in the app – very easily in just a few steps.

In the app, you will find an overview of all connected smart sound and smart living devices. This quick view also provides a convenient means to use the main functions, for example, control the volume of the speakers, or switch the lamps on and off.

FEW CLICKS. FULL CONTROL.

View of current playback: As well as adjusting the volume, you can change the source here.

Simply adjust the speaker sound settings in the Equaliser menu to suit your acoustic tastes ...

... control the lighting in your home with a click from the sofa ...

... or use the functions of the products, for example, the live stream function of the WiFi camera.

ALL THIS IS PART OF A SMART HOME

- ✓ Intuitive operation
- ✓ Fast and simple installation
- ✓ Practical control via app or voice command

YOUR HOME + HAMA SMART HOME

= MORE CONVENIENCE IN EVERYDAY
LIFE AND SECURITY IN THE HOME

How does a smart home transform
everyday life? See for yourself:
